**Accommodation of Registration Applications:**

**Supportive Documentation to be Completed by the Appropriate Health Care Professional**

Individuals who wish to use the title “Dietitian” or “Registered Dietitian” and/or practice dietetics in BC must be registered with the CDBC. Applicants may not practice as a Dietitian or use these titles until their applications for registration is approved by the College’s Registration Committee.

The College communicates the application requirements to applicants and provides accommodation for eligible applicants. The CDBC relies on a regulated health care professional’s evaluation and judgement of an applicant’s functional limitation(s) and special condition(s) to make an informed decision on the need for and type of accommodation.

Professional Designation/Title: \_\_\_\_\_

Licence Number: \_\_\_\_\_

I have known the applicant \_\_\_\_\_ since \_\_\_\_\_ in my capacity as a \_\_\_\_\_.

I confirm that I have used my own professional judgement and identified a clear link between the applicant’s condition(s) and the need for an accommodation. I understand that the purpose of requesting this accommodation is to provide equity, not advantage.

A brief history and description of the functional limitation(s) or special condition(s) of the applicant:

---

---

---

---

Describe how the functional limitation(s) or special condition(s) impacts the applicant’s ability to complete an application and its requirements in the usual process and/or environment. This should reflect the applicant’s current impairment.
